

Katerina Bandjo Oreshkovikj, PhD

Senior research associate

UKIM Institute of Agriculture Skopje

Department of Plant Protection

16-ta Makedonska brigada, No 3A, 1000 Skopje

Tel: +389 2 3230910

Fax:+389 2 3114283

e-mail: kbandzo@yahoo.com

Academic qualifications**2015. – PhD**

UKIM Faculty of Agricultural Sciences and Food Skopje

Molecular characterization of CMV, AAMV and PVY on pepper cultivated on open fields in R. Macedonia

2010. – M. Sc.

UKIM Faculty of Agricultural Sciences and Food Skopje

European cherry fruit fly (*Rhagoletis cerasi* L.) and influence of some characteristics of cherry varieties on the percentage of infested fruits

2007. – B. Sc.

UKIM Faculty of Agricultural Sciences and Food Skopje

Training and research experience**2022.**

Plant Health Surveys, European Commission on Better Training for Safer Food, Nice, France

2012.

Integrated Pest Management, Agricultural Research Organization ARO and Ministry of Agriculture and Rural Development, Centre for International Agricultural Development Cooperation, CINADCO, Tel Aviv, Israel

2008.

Entomology Course 2008, Koppert, Rotterdam, the Netherlands

2006.

Citrus diseases caused by restricted prokaryotes (CDRP), CIHEAM-MAIB, Mediterranean Agricultural Institute, Bari, Italy

Employment and work experience
2011. – now UKIM Institute of Agriculture Skopje
2009. – 2011. UKIM Faculty of Agricultural Sciences and Food Skopje
2007. – 2009. UKIM Institute of Agriculture Skopje
Research interests
<ul style="list-style-type: none"> - Plant virus diseases - Biology and ecology of pests and diseases - Integrated pest management
Teaching
2022. – now Program Organic and biodynamic plant production <ul style="list-style-type: none"> - Plant protection in organic and biodynamic production - Climatic variability and vulnerability of organic production - Quarantine diseases and pests in organic production
2011. – 2014. Teaching activities on the subject of Biochemistry on the department of Biochemistry and genetic engineering on UKIM Faculty of Agricultural Sciences and Food Skopje
2009. – 2010. Teaching activities on the group of subjects on Entomology on the department of Plant protection on UKIM Faculty of Agricultural Sciences and Food Skopje
Other professional activities
2021. – 2026. Member of the expert commission in approving phytopharmaceutical products
2017. – now Member of the Plant protection association of R. Macedonia
2014.

Participation in the workshop “On-farm behaviour of *Rhagoletis cerasi* and *Drosophila suzukii* and its modelling for enhancement of IPM”, held in Warsaw, Poland, organized by the FP7 REGPOT “Warsaw Plant Health Initiative” Project

2014.

Member of the Editorial board of the scientific conference “Challenges in modern agricultural production” organized by the Agricultural institute – Skopje, 11.12.2014, Skopje

2014.

Member of the Conference secretary of the scientific conference “Challenges in modern agricultural production” organized by the Agricultural institute – Skopje, 11.12.2014, Skopje

2012. – 2014.

Member of the commission for plant health. Ministry of agriculture, forestry and water economy

Scientific and applicative projects

Weed vegetation as a plant host and source of viral diseases in pepper, University Ss. Cyril and Methodius, 2024

Determining the health status of 10 autochthonous pepper varieties from the Gene Bank, regeneration of the seed material and evaluation of the yield components, Institute of Agriculture, 2023

Study on the socio-economic condition of the youth in the rural areas in Macedonia, University Ss. Cyril and Methodius, 2023

EIT Smart farming - future of the agriculture and rural development, European Institute of Innovation and Technology, 2022

Mead as an innovative product in beekeeping and wine production, Gazi baba, 2022

Content of copper in vineyards from the Tikvesh region, University Ss. Cyril and Methodius, 2022

Creating enabling environments for enhanced climate resilience in agriculture, FAO, 2021-2022

EIT Food Start-Up Awareness Event, European Institute of Innovation and Technology, 2021

Antioxidant activity of fruits of indigenous varieties and populations of fruits, vegetables and grapes, University Ss. Cyril and Methodius, 2021

Preparing a Country Programme Strategy for the Operational Phase 7 (OP7) 2018-2022 of the GEF, SGP GRANTS Project – MKD/SGP/OP6/Y5/CORE/CPS/2019/01, 2019

Influence of the ampelotechnic measures on grape and wine quality of the Vranec variety, University Ss. Cyril

and Methodius, 2019

Yield and quality characteristics on new rice varieties (*Oryza sativa* L.), registered in Republic of Macedonia, University Ss. Cyril and Methodius, 2018

Characterization of the autochthonous varieties of pomegranate in R. Macedonia, University "Ss. Cyril and Methodius", 2017

Preparing a Country Programme Strategy for the Operational Phase 6 (OP6) 2014-2018 of the GEF, Global Environmental facility (GEF) Small Grants Programme (SGP) in collaboration with United Nations Development Programme (UNDP), 2015-2016

Biological pest control in green houses in the vegetable production, University "Ss. Cyril and Methodius", 2016
Introduction of new foreign rice varieties in the rice production in Republic of Macedonia, University "Ss. Cyril and Methodius", 2015

Development of the rice production and quality in Republic of Macedonia, TIKA, 2013-2014

COST Action FA1104 – Sustainable production of high-quality cherries for the European market, European union, 2012-2015

Seed dressing (Planterbox treatment) with Trichoderma sp.: Effect on yield in wheat, Koppert B.V., Rotterdam, Netherlands, 2012-2013 – applicative project

Seed dressing (Planterbox treatment) with Trichoderma sp.: Effect on yield in corn, Koppert B.V., Rotterdam, Netherlands, 2013 – applicative project

Use of modern DNA methods in improvement of the plant production and protection of the agrobiodiversity in Republic of Macedonia, Ministry for agriculture, forestry and water management, 2012
